Chris Kamer

Software Developer

602-689-1245| cwkamer@gmail.com| https://github.com/ckam03| www.linkedin.com/in/ChrisKamer| chriskamer.com

Highly motivated software developer looking to advance my career. I am at my best when presented with a challenge. My extreme tenacity, which I developed through my time in the Marine Corps will allow me to accomplish any task set in front of me. Known to be both a team player and passionate worker, I seek a position that will enable me to utilize my skills to serve my company and its clients with the utmost professionalism and care.

SKILLS

TailwindCSS	JavaScript	CSS
Git	ASP.NET Core	HTML
C#	Node.js	React

EDUCATION

Bachelor of Arts in Digital Culture
Arizona State University (2015 – 2020)

Associates of Applied Sciences in Audio Production
Paradise Valley Community College (2012-2015)

PROJECTS

Trip Planit
Travel planning web application built with React, Tailwind CSS, and ASP.NET Core for the backend. Utilizes the Google Maps API to plan routes.

SMS Reminder
Web application for sending SMS reminders. Uses HTML and CSS on the frontend and a Node.js backend with Express.js to call the Twilio API.

Personal Dashboard
Personal Dashboard built with React and TailwindCSS. Shows weather updates, time, weekly goals, and changes quotes daily.
